Letesha AmberDean

My experiences in modeling have been for few years now. I have done all different styles, its more of a hobby for me, I take it as fun and always put in 100%.

I am Letesha Amber Dean, I am 20 years old, single and live in Australia, I am very outgoing, easy to get along with, crazy, fun and very honest. I am the type of person who will tell you stuff you don't wanna hear, I am much like a tom boy, and love doing a lot of fun things. I am very into my water sports, like wakeboarding, tubing and jet skiing. Love my horses as well. I use to ride years ago when I was about 15 and went all over the place for horse riding.

My mind is always changing and I never know what I wanna do. I am very much into fitness and working out, and want to do powerlifting or body building in 2014. My experiences in modeling have been for few years now. I have done all different styles, its more of a hobby for me, I take it as fun and always put in 100%. My goal is to own my own gym, protein and healthy coffee shop all in one store. I have a massive fitness drive and want to complete my PT diploma in 2014 and do my business courses.

I grew up in a little town called TIN CAN BAY in Queensland. I have four brothers, they mean the world to me. I don't have any secrets, I tell everyone everything.

Chaunty Spillane

HER WISDOM
...“I have love for everyone, even those other people think I should hate, I let go of that hate and welcome forgiveness into my heart.

Chaunty has been modeling for almost 4 years this year, been in 6 commercials (one national) in one year (2013), her first film “Killing Khan” (2013) by Vendetta Motion

Also, on Mass Appeal on 22news WWLP in Chicopee, MA Chaunty is sometimes

featured by the amazing “Makeup By Lay” company. LTW Custom Cosmetics (LTWCustomCosmetics.com) made a lipstick shade named “Chaunty” which is a peachy-nude. Modeled in over 35 quality photo shoots in a short 4 years is quite the accomplishment with photographers such as David Blazze (www.blazzinpix.com), Eric Snyder, Inkwell Johnson, Leonardo Tillett, Harris Davey Jr, Shane Suban

Photography, etc. “I knew it was time to begin my dreams” Chaunty says “when I was experiencing less than what I wanted in my personal life. Also, I was finally in shape [enough to model].” Smiling bright as the evening sunset illuminates her blonde hair and light brown eyes, Chaunty seems almost apologetic in her demeanor.

HOT REVIEW

NO STOP SIGNS
Obstacles were made to stop me but I don't let that drop me. I am fierce. Probably to much to handle. But you can try ;).

Sydney Corpuz

Sydney Corpuz was born a Greek Loud mouth baby girl and nothing in these 23 years has changed a bit. Other than her growth from a child star into a glamour model.

I am the kind of woman who is not afraid of a challenge. I love to take risks and I always misbehave. I don't follow the rules, because I believe in life there are NO RULES! I believe we should all do whatever it is in life that makes you come alive, whatever you are passionate about and gives you purpose.

I am not afraid to stand up for what I believe in and speak my mind. I don't back down from a fight and I don't give up even when things get tough. I love music and poetry. I sing, play guitar, and write my own songs. I pretty much always have my journal and pen with me. I am an actress as well. I would love to be in a Soap Opera. I love modeling and I am trying to take it as far

as I can. There are no boundaries I wont try to break and no limit that will hold me back. Not to be cliché but I really am an open book. If your not afraid to open me up and take a look you'll be surprised at what you find. I believe beauty is more than just your reflection in the mirror or a smile in a picture. It comes from within, you feel it. The way your hair blows in the wind and the dress lays smoothly on your every curve. The way the lighting hits your face and highlights your beautiful eyes. The way that without even trying your pose is just right cause you just feel it.

Sydney works hard to make her goals come true and she always does it her way on her terms.

TO MY ABUELA
All I am, I owe it to my grandmother. All my achievements are dedicated to her.

Yilena Hernandez

Born in Holguin Cuba on June 26. I remember when I was young, I was not very popular. For over 8 years I had to endure the intimidations and abuse from my classmates.

I always had a passion for art and fashion. I started with small theatre courses. Then I was able to participate in several local plays in Holguin Cuba. But my main interest was to become a model.

One day, I saw a beauty contest being advertised and I said to myself: "I want to go". When I got home and

MY MOTTO
I believe nothing is impossible and we all have the right to decide what we want in life.

told my mother, she told me not to go. I guess, she didn't want me to get hurt. But my grandmother encouraged me to go and said: "if that's what you decide to do with your life, fight for it, you can do it and I will support you". I must confess, I was really scared looking at all these beautiful girls. I did not win, I came third, but the most importantly I won the confidence in myself. This was my initiation into the world of fashion. Then I started to work as a model for more than 2 years now. When I moved to the USA, I achieved many of my dreams as a model. I worked for several Spanish modeling agencies, as an actress and radio announcer .

I am a person who believes that nothing is impossible and we all have the right to decide what we want in life. I consider myself a strong, beautiful , positive and sensual woman .

I love my God and I thank Him every day for my life and for allowing me to live another day .

All I am, I owe it to my grandmother. And all my achievements are dedicated to her.

Personal Trainer Certification 2010. New York Institute of Photography 2009. . Its nice to have some understanding about being behind the camera.

How you became a model ? how did you experience the first job you did as a model ?

I had a Greatest Journal back in 2006/2007 and there were "Rating Communities" You'd post Selfies and the girls would judge you on a scale of 1-10. A girl emailed me with the link to MM and said I should check it out, so I made a profile, with just four little dinky pictures and then a few weeks later I had my first shoot. It was a "Workshop" One other model and probably 6 or so photographers, out on the beach, so swim wear right from the start. It was fun and easy and they said I was a natural and couldn't tell it was my first shoot! September 7th

marks SIX YEARS OF MODELING! Why did you choose this line ? I'd have to say I didn't really choose it. I thought it would be fun, every little girls dream to be a model...Never expected it to go anywhere..Next thing I know I do one shoot then I move to Oklahoma... And a photographer who I am now dear friends with really helped me get a good strong versatile start to my portfolio and it just kinda went...I moved back to NC in 2012 and decided living with my parents I could give modeling a go full time and a year and a half later I'm still travelling and going strong! I did dance and gymnastics growing up so I look at modeling as a dance, just moving one pose to the next. Its been a lot of trial and error to find my groove, but I think I'm settling in nicely :)

I also use modeling as an outlet, after

PHOTO SHOOT
I shoot a variety of styles but I'd have to say editorial and fashion are my favorites, but honestly...as long as I'm modeling I'm happy!

being on stage and so competitive for so many years, modeling is still kind of a way to perform without such a physical toll. Now, don't get me wrong! If I'm sore the next day I know I've done my job, but it definitely doesn't tear up the muscles like gymnastics does. I shoot a variety of styles but I'd have to say editorial and fashion are my favourites, but honestly... As long as I'm modeling I'm happy! What is Your inspiration ? Inspiration comes in all forms, from the people around you, to the music playing, to the set or location your working on. But really its inspiring to be able to wake up every morning, and know that I get to do what I love and sometimes even be a

different person :) What's been the best moment of your life ? The most important moment in my modeling career would probably be getting that call saying I was a playboy Cyber Girl. I was on Christmas vacation visiting family and it was just the best gift. Well, I wanted to be an archeologist, then a photographer, then a personal trainer...So the world will never know! Guess I'll figure it out when my travelling settles down and I decide to go a different route.

Born in Ukraine, I live in Milan. I am thirty years old, sweet and sensitive

person, but I can become very angry and aggressive if I feel threatened or offended. I am unpretentious and nice, I like quiet and no arrogance people and I hate preconceptions. I am nuts on intelligence, savoir faire and poise. I am an alternative model, I work with a lot of photographers, I posed for calendars, nude and glamour shootings.

I'm not involved with the Milanese fashion environment and events. I like underground parties with freaks and bizarre people.

I love animals, and I hate who mistreats them. I have a cat, a dog and a charming guinea pig. I'm not vegan or vegetarian but I eat meat very seldom. I

I love tasteful sexiness combined with beauty. I love being whom I am: Sexy, Playful, Happy, Passionate, Giving, Sensitive, Affectionate and so much more.

Not only am I professional model with over 6 years of experience, I can be described as an all-around entertainer. I am not afraid to speak my mind and I have a ridiculous

amount of energy, dedication, and determination. Not only am I a natural born entertainer, I also work on the business side of things. Knowing how the business industry works is for the good for your own career and is something I continue to stay interested in learning about – and I only want to learn from the best!

I have done a wide variety of shoots from casual to artistic nude and plenty in between and have enjoyed them all. I am very easy to work with, not a diva. I don't mind working in some more unusual/ slightly uncomfortable locations if it will help the shoot. I love modeling and everything it gives me

in life; confidence, expression, glamour and art. I put a lot into my work and I am a firm believer that you will get back what you put in. I enjoy working with people who have the same mindset. I love to work and give 110% at anything I do; I am easy going but serious about getting the job done. My goal as a model is to make the photographers vision come to life. I am looking to create incredible images and awesome art! I am reasonable with my rates; negotiations are not out of the question. I am very professional and will not flake. I expect the same.

Had some amazing experiences. Became an International spokesmodel for Vyzion radio, worked as the Indy Grid Girl in Toronto 2013, was the Sunshine girl twice and Sunshine Girl calendar 2014.

Been published in two magazines and attended the International Bikini Model search and Paradise Bash. It's a must attend event for models and photographers of any level of expertise.

Iam a go getter so I will always strive to do more and be better each and every day! My ultimate goal is to move to Toronto or the USA to work at my career and modeling. Set goals...achieve...repeat is my motto.

My name is Sarah, and go by Izabella as a pen name for modeling other events. I am a pro-am model centrally located in New Bern North Carolina. I began modeling a few years ago and fell in love with it.

Love being in front of the camera. Its like an addiction. I strive for so many goals in my life. Not only do I love modeling. But I also love snowboarding and doing anything that is active. I go to the gym on a regular basis.

Ilove to set goals for myself, so I can have something to strive for in life. Modeling is rewarding in itself, and I like being expressive and part of the artistic vision and creation. My goals are to explore all modeling's artistic ventures.

My family is wonderful and they mean the world to me! I have two sons. They are both gorgeous young men. And have their mothers heart. I am happily married and enjoy spending time with them.

My background is Italian and Black Foot Cherokee Indian. Never did I think at 34 years of age I would be published in a magazine. But in the world today you can do anything you put your mind into.

elf employed and doing as much modeling as I possible can. I am all about living the

life to the fullest and getting as much out of it as possible.

I started in the modeling industry as a young teenage girl. I always had a passion for being in front of the camera, and I ended up very quickly in several Danish magazines. I believe that what doesn't kill you makes you stronger. I don't want to look back in time when I will be 80 years old, and say... 'What if'.

I never thought I would get so far in the modeling industry. I am so happy to have been in Playboy, it was my biggest dream. I can now call myself a Playmate.

I love glamour, and I am always in the hunt for new jobs and covers. I am planning another trip to LA in January, as I already have many several shoots set up, and who knows... I might become a Cover Girl. I am always networking in the modeling industry to further my portfolio and expertise.

Barbara Kovach

Some future goals of mine would be to further myself in my career as much as I can and to keep working hard!

Originally went to school for theatre and performing arts and have been involved in that stuff since I was about 10 years old. I love classic rock, art, and of course photography. Art is the biggest and most important thing in my life and is involved in pretty much everything I do in one way or another.

Jill Cisternino

I was born in Bensonhurst Brooklyn and I am Italian, Sicilian and Norweign

My name is Jill Cisternino also known as JillyGems. I was born in Bensonhurst Brooklyn and I am Italian, Sicilian and Norweign. I started modeling a few years ago after doing a photoshoot for a private-party bartending site that I actually never followed through with.

I loved the photos that I had done so everything just started from there. I have always been an artsey creative person so modeling, doing make-up and styling my shoots it allows me to express myself. Aside from modeling I bartend in New York City and I am attending college majoring in communications. When I am not busy working I am probably working out, partying in the meatpacking district, shopping or even getting a tattoo.

I am one of the few east coast models with tatooes and piercings. I usually just wear my nose ring but I have my left nipple pierced, my tongue, libret, monroe, and my nose. Many people ask what my tattooes mean; they are a form of art, my sleeve is in progress and the theme is fairytale, I do have one tatoo that is to remind me of my parents that passed away a few years ago from illnesses. Where I live on the east coast is New York City one of the craziest places to live. I love it because you can never be bored there is always somewhere to go and something super excited to do! To me nothing makes me happier then surrounding myself with people like myself....crazy fun people like my bestfriends.

I usually just wear my nose ring but I have my left nipple pierced, my tongue, libret, monroe, and my nose. Many people ask what my tattooes mean; they are a form of art, my sleeve is in progress and the theme is fairytale,
