I was born and raised in Peru. I moved to Tennessee in 2005. I started modeling in 2010, and I am very lucky to have grown so much in the modeling industry. I have always been interested in the modeling field, but never really put myself out there until I was 18, and I am glad I did. I'm the type of person that tries to accomplish everything I set my mind to.

Failing is not an option for me, nobody is perfect so we are all going to fail at some point, but that should never be the excuse to stop trying. I also like to help others, which is why I am studying to become a nurse. I believe that beauty is nothing without brains.

Kirra Rose

Hi my name is Kirra Rose and I am from the gold coast. I am fairly new to the modeling industry and I love it so much so far I have a lot of support from my partner and friends the reason I started later was I had my children first and I never thought I could become a model but I proved my self wrong.

I was born in Australia and I live going to the beach and spending time with my beautiful family if it wasn't for them I would not be doing this.

One dream I would love is for my daughter to be like me and grow up and teach her you can do anything you want b if you put your mind to it and luve a happy and healthy life as I said before I am new to all this and would love the support from all my fans. Thankyou kirra rose

The name's Nataliee G. and I'm twenty years old living in a small town outside Toronto, Ontario. I have fourteen piercings as well as two fairly big sized tattoos that include Tinkerbell in a blue rose on my back and a quote followed by stars that follow down my right ribcage across my hips and down my left thigh. And I plan to get more tattoos

as well! I grew up with eight brothers and sisters, and have always been an animal lover. Horseback riding is probably my favourite sport as well as hobby. I've been professionally modelling for just over two years and have been working as a background performer for three. I'm very family orientated and love to try new things.

I'm extremely outgoing, love meeting new people and a very hard working person. Traveling around the world is at the top of my bucket list and I've managed to cross off California, New York and New Hampshire in just a short year so I'm very excited to see where the rest of my life takes me.

Lia Tricia

My name is Tricia. I have been modeling on and off for close to 10 years. I am from the Greater Boston Ma area. I started modeling later in life than most. I`m 45 and proud of it. I have a beautiful 25 yr old, brilliant daughter. She has decided to use her god given brilliant mind instead of becoming a

model. I`m an x-professional dancer, but still have a passion for the performing arts. I consider myself to be very passionate and compassionate. I truly believe In The Golden Rule, you never know when Karma is coming to nip you in the butt.

I work hard to keep my
body & mind & heart in the
best shape of my life and
this is just the beginning.

I have been Modeling for 6 years and it has been a dream come true. The first photographer to give me my big break was Mick Toba. He had rented a Home Bar in an old victorian apartment with plans to shoot a pregnant model. When his model flaked, he asked "if I had ever done any modeling." I took it as a compliment explaining that I had always wanted to but hadn't

been given the opportunity. We spent the day shooting in the yellow mustard room.

I had no idea that the photo shoot was going to open so many doors. Mick sent me the photos via E-mail. So I excitedly posted them on Facebook.....from there my modeling adventure began. First, with my photos being noticed by the Owner of The

former Avalon Night Club in Toronto. He offered me a job with 39 other models to be Hostess's for his Wednesday Night Event.

On one of these Wednesday nights, I was approached by a gentlemen who was scouting for a Music Video. "Shake Your Body" was my first time on film and I was really nervous. But the

artist Runs Tee and Jae Baz were really easy to work with and it turned out to be a fantastic experience.

After all my work in the Toronto club district as a promotional Model. I started to Build a Bit of a Portfolio. Mick assisted me in setting up a Modelmayhem account to promote my work. www.modelmayhem.com/catsolomon I soon started recieving requests for photo shoots.

Even though I was new to modeling.....through MM.com. I had never felt more comfortable in my body and in front of the camera and even thou I really enjoyed working with Mick Toba, Torontopics Photography, and RJC Photo. As the years pasted by I felt I needed to started working the different photographers in order to expand my portfolio and reach into new genres.

At that time I decided to start a search online for creative photographer, and even posted a casting call on mm.com requesting photographers in the Genres of Pin-up, Boudoir, and Photo Re-touchers.

In the beginning, bookings were slow. One shoot with the very talented Angel Dreams Photography and One with Ted Bowman Photography. After a few short weeks I was booking regular shoots with Fast50'sFotos. Whom focuses on Old Fashioned Pin-up work. After working with Fast50'sFotos for a year

the creativity seemed to run dry. So it was once again time to look for new themes and creative genres to take my modeling and portfolio further.

Memories Digital Imaging and myself were introduced at a photo shoot I was invited to join by Friend and Model Sunny Fortwenney. I really enjoy working with John of Memories Digital Imaging and we continue to break down walls, trying new styles and making my dreams of being published a reality. Sunny, also introduced me to Glen W Photography. Both of these photographers, I am still working with and planning some risky yet sexy photos shoots in the near future.

Thou, I have gotten to work with some very talented photographers with high hopes of being published by Maxim or Playboy. On Feb 12 2015 I was featured as Toronto Sun's Sunshine Girl. It was an amazing Photo shoot, with Jack Boland. As of Recent I have been in Contact with Showworld Photography. Whom Needed a model for the Motorama Custom Car & Motorsports Expo on March 14, 2015 It was truely a dream come True when one of my Dream Cars was available! The Shelby GT 500!! Finally placing a check mark on my list of things to do with my Modeling Career. Still have to keep my eye out and ears to the ground for The Fabulous 1967 Stingray Corvette.

I believe this is only the beginning, and the Sky maybe the limit but I'll Continue to reach for the Stars!

Christina Marie

My name is Christina Marie and I am a model currently living down on the Jersey Shore. When I'm not modeling I am a veterinary technician

at a local animal hospital in town and I absolutely love my job! I started working with animals right out of high school and have been doing so ever

since. I've been a vet tech for 5 years now. I've been modeling over the past 4 years on and off. Growing up I was the tom boy that no one thought

was pretty. I'm so comfortable with myself and my body now that I love showing it off the way I do and modeling lets me do that. Being able to embrace yourself in front of a camera is exhilarating. Since starting I won a spot in the Bikini Calendar as Miss August, was published in the Bikini Magazine November 2014 issue and also have done multiple photo shoots with many more on the

way! My dream is to be successful in this industry, and to also get more into acting (I'll be starring in my first independent horror film set to start production in spring). My ultimate goal and one of my biggest dreams is to get the chance to be published in Playboy and to become a Playmate. I grew up around horses so horseback riding is another one of my favorite hobbies outside of modeling. I was

always around the farm doing work since I was a little girl, taking care of the horses and what not, so it's in my blood. I also have become a huge gym person, working out is the best stress reliever. I cannot wait to see what the future holds for me and am ready for anything that comes my way; so ready for it!

The name is Jenna. 23 years young. From the time I was a baby I was always told I was very photogenic. Modeling has been my thing for a little over 5 years now and I have accomplished quite a bit! In the years coming I hope to keep improving and be the best I can be. I'm unique, outgoing and I always have a smile on my face! I'm the sweetest most caring person you will meet.

I love helping others and making a difference in other people's lives regardless if it is the littlest thing. I'm a full time CNA Certified Nurses Assistant and I'm very compassionate! My biggest supporters are my wonderful boyfriend Aaron, and my beautiful mother! I'm unpredictable at times but I hope to someday be something big and have my name out there; maybe even be a role model to up and coming and aspiring models!

Sierra Shine

My name is Sierra and I am a 39 year old Bikini / Lingerie designer, and I model my own bikinis.

I am of mixed heritage (Irish, German, Polish, Brazilian) and I grew up living in Florida and California. I graduated college and went on to work in the corporate world as a public relations manager and as a marketing coordinator before starting my own bikini and lingerie company which is my passion. My bikini designs are inspired by travels around the world and my different experiences including my work as a stripper while I was in college.

I am happily married and I enjoy running and working out as well as modeling in my free time.

I am here to share photos of myself modeling my skimpy g-string, sheer, thong and Brazilian Bikinis and to show that women in their 30s and 40s can still look great wearing next to nothing :).
