Hi, I'm Raiann LaShai Barfield. I'm a very outgoing spirit and dedicated person. I have been modeling for about a year now, and I am loving the experience! I'm particularly interested in Glamour, Alternative, Lingerie, Pinup, and Artistic modeling. I have fondled with Implied as well. I typically work modeling on the weekends, but I am available for travel if given a descent notice. Compensation for lengthy travel is to be considered if necessary. Currently I am looking for paid work, but I am keen with working with talented seasoned

photographers. In all my work I'm highly committed, passionate, and professional.

I have modeled for Glamour, Alternative, and some PinupLingerie shoots and would appreciate some further work in these areas. I do not do Nudes or Topless but I don't mind Implied work. However I am very open to suggestions on ideas to achieve astonishing photos. I am eager to work with both professional and semi-professional photographers and stylist.

I am passionate about modeling because it brings back lots of fun memories of my childhood, I always wanted my mother to take pictures of me, and my mother always seem to enjoy this as much as me. From that time on I was hooked, and love sharing my photos with family and friends. I just wanted to continue being in front of the camera expressing myself in all different ways. showing beauty inside and out, And of course you need a great photographer captioning that perfect beauty.

MADISON SCHNARR

Madison Schnarr is a 25 years old model, standing high at 5'10", her favourite pass time besides working out is riding horses and taking adventures to places she has never been.

Fun fact: I love to listen to motivational speaking while I workout

Biggest pet peeve: the sound of someone eating a banana

Favourite cheat meal: Cupcakes and ice cream every time

Biggest accomplishment: Changing my life through fitness from a skinny fashion model to a strong fitness model and competitor

One thing that has led me to success: Commitment to my goals despite any obstacles

Biggest challenge: The final weeks before a fitness competition can be very hard on me when I work long days and still have to do my cardio and my workouts. I get through them by reminding myself how important my ultimate goals are

Life motto: Do something today your future self will thank you for

Ultimate Goal: My ultimate goal is to grace the Olympia stage, become a top international fitness model and land covers on fitness magazines such as Oxygen. I work on these goals each and every day in order to turn them into reality!

Final advice for anyone wanting to get into fitness modelling or body building: First and foremost, make sure you and coming into it with all the right motives. Do it for yourself and nobody else and believing you can do it is the first step. Having a great coach and being 100% committed to your goals is something that is very important if you want to be competitive. If competing is not for you then decide what it is you want from fitness. Set goals and reach them, do not make excuses and feel sorry because you failed. Never lose hope because of the time it will take to achieve your goals because whether you are doing what you need to do to achieve them or not, the time will pass anyway.

Krista Gale

I grew up in a small town with a big dream. A dream that seemed unreachable for a short awkward little girl. I was put into a few beauty pageants when I was young. Surprise, I never won. I never had much self esteem. But I never wanted to give up my dream, so I convinced my parents to put me into a modelling class. This class taught me alot about walking, strutting and posing. The best part was at the end of the whole class I was told that you need to be at least 5'10 or taller to be a model. Well, didn't that just burst my bubble. So I put my dream on hold for a while. Went through highschool, college and moved all the way to British Columbia for fun. Met a guy, it turned into a thing. Told him my dream, and he suggested I continue to pursue it. With little to no experience I joined a model website called model mayhem. Found a few local photographers, and started to actually do real modelling gigs. Soon after I conjured up even more courage and decided to submit myself into a bikini contest. Wow, was I ever nervous. But never the less I did it. Not to long after I had discovered I was pregnant. Sure enough first thing that ran through my mind was, "how long will my dreams be put on hold for now?" We then decided to move back to Ontario. I then gave birth to my beautiful son, and thought to myself, "if I can give birth, I can do anything if I set my mind to it." So I got up off the couch, worked hard and started searching for local photographers. Found a few, did some shoots and now here I am. Never give up hope!

April is more than a month to me...it's my name duh! I'm really out going and spontaneous. I have a few talents. You'd be surprised that a petite lady like myself has a big singing voice. I learned to play the piano when I was 6. I play the guitar as well. Here's a shocker...I breakdance too! My favorite sport to play is ultimate frisbee. I always end up getting injured playing but hey I just shake it off and keep playing. I laugh in the face of danger. Most of all, I'm always looking for an adventure. I'm just a lady, not ordinary though.
