Adventure . Travel . Destinations . Swimsuit . Models . Photography . Underwater . Sports . Sailing . Great Company

If most of these words above target your active lifestyle – you probably reading right article and checking informative pictorial below.

Our Featured Destination for 2017-2018 was Cruises to the Caribbean. With an island for every taste, the Caribbean is the ultimate place for relaxation. You'll find white sands and turquoise water throughout the Caribbean Sea and Gulf of Mexico. Some islands are lush, with

rainforests and mountain trails, while others have desert climates and coral beaches. Wherever you visit, taste regional specialties such as conch fritters and get out on the water with snorkeling and sailing excursions.

Our Cruise boat pick for November 12-18, 2017 was S/V Mandalay / SailWindjammer - 236 ft Schooner! Our small group of 7 people (2 models and 5 photo/video crew members) visited a selection of islands in the Grenadines. We'd experience a Caribbean few others EVER SEE OR DREAM OF!

Sail Windjammer provides a laid back experience with mouthwatering native cuisine and comfortable air-conditioned cabins. Each cabin is a suite upon itself with your own private bathroom. Only 36 Passengers and 20 people boat crew. Better spend a week with 50 people you'll know personally, than with 5000 you can get on big cruise line ships!

- This trip financially was NOT really expensive (\$1749), if we compare with any similar shoot when photographers and models based at hotel/villa and need to rent

a car and/or boat to get on shoot locations and dine out every day. We'd offering Payment Plan with Split Deposit Payment Program option to our group members.

- Here at our big schooner ALL included – accommodation/food/drinks/local transportation-airport transfers.

- We made daily photography instructions and hands on new Nikon/Profoto/Bowens/GoPro/gear trials for team members.

- The boat moved to new islands/locations every day and we'll have

direct access to sandy beaches to shoot models. Shoots on boat deck also was permitted by captain and our schedule.

During our Adventure travel cruise on SailWindjammer we'd visit a selection of islands in the Grenadines, which include: GRENADA, CARRIACOU, UNION ISLAND, MAYREAU, TOBAGO CAYS, BEQUIA, SANDY ISLAND...

This Adventure Travel Cruise on SV Mandalay – 236ft Schooner was really UNIQUE by concept of not just luxury tropical vacation

trip, but logical combination with Top Swim/fitness Models Fashion Swimsuit Photo/Video production. Elements of Action Underwater/ Arial drone shoots and big sail boat as background also was at our screenplay!

We did involve many of our clients – designers swimsuit brands like Aguaclara, Versakini, Maaji, Cia Maritima, Liliana Montoya, AZ Araujo, Kevan Hall, Keyboe watches and few more to this project, so models was NOT wearing they own clothes & accessories...

Favorite quote: "Tough times never last.
Tough people do."

Q. For those just seeing you for the first time. What can you tell us about yourself?

A. When people first meet me they are not just blown away from my beauty. Once we start a conversation that's when they realize "Hey this gal is pretty cool" I am a little shy at first but once the ice breaks everything is perfectly fine!!!!

Q. What sets you apart from other models?

A. What sets me apart from other models? Good question! I actually have put a lot of thought into this. I think modeling can become very competitive which is sad but very true. I never get jealous of other models succeeding. If anything I am very proud of them and it motivates me to be the best that I can be. I love helping other models get going to in his or her career. I truly care for others, I am loving person.

Q. What do you hope to accomplish in the next 5 years?

A. Even though I have been modeling for quite some time now I still have goals!!! Like any other model I wish to be discovered by a big time modeling and talent Agency. But back to reality (haha) Within the next 5 years or so I honestly just want to be happy with my success. I have already accomplished most of my goals. I am very proud at where I am in my career.

Q. In the perfect world things always go as planned on set, but what's the worst experience you've had so far?

A. My worst "modeling" experience would have to be 2 things which are my biggest pet peeves in the modeling world. Unorganized events and runway shows.

Q. What's the most important aspect of a relationship?

A. Communication. In every relationship communicating is key. It keeps the trust in the relationship. You should never feel the need to bottle things up. If you have something on your mind about the other person LET THEM KNOW because if you don't they can't fix it or adjust to fix it!

Q. What are the three most important things in your life?

A. The 3 most important things in my life. Simple.... God, family, me

Q. If you could only choose one person, who is your inspiration and why?

A. My mother. She's my best friend. I love her. She always has inspired me. She has shown me how to be a good mother to my daughter.

I live in Knoxville, Tennessee, originally from Tampa, Florida! I've been in Tennessee about 7 years now. I am 22 years old and the oldest of 4 siblings: two brothers and two sisters. I grew up really close to my family and it's always been important for me to have a good relationship with them. I just recently graduated from Dental Assisting school, so I am now a Registered Dental Assistant. I also have a background in cosmetology and makeup, which is a big passion of mine.

Achievements: I have many goals I want to achieve, one is modeling of course. It's something I've always wanted to do. I'd also love to be a businesswoman and have my own companies. I don't limit myself to what I can do, I believe if you work hard enough you can do anything! My ultimate goal is to live happy on the beach since it is my happy place.

I'm from Tennessee. When I was younger I was contacted by modeling agencies all the time, and never really cared to pursue any of them. My mom wasn't in the best health for consistent travel. I knew that making it into the industry meant possibly going places without her, and as a kid you always want your parents by your side. When I was 16 her health conditions worsened, and she was ripped from my life. I struggled for a few years, just as any teenager would, but I never fell off track. I finished high school, and took a year off before college so I could figure out what career path I wanted. During that time I decided I needed a hobby besides running around with friends. I got a gym membership, and went maybe 2-3 days a week just for something to do. Then I found myself in there 5-6 days a week, sometimes at 2 am in the morning. I caught myself researching bodybuilding, nutrition, modeling, etc. constantly. So I decided to go to school to become a Nutritionist. In my first year of college, I became a CPT, and now it's no longer a hobby. It's my lifestyle.

Achievements: I work full time as a server at Hooters, and have my own personal training business on the side.

I dream of modeling and leaving my mark in the fitness industry.

I smile at the simplest things, like sunshine and my dog. I find myself always laughing at almost anything cause I'm so easily amused.
